EXPERIENCE

Nov 2025 – Apr 2026

May 2025 – Jun 2025

PROJECTS

AI/ML Intern, HanviTec Solutions Pvt. Ltd

- Worked on Artificial Intelligence and Machine Learning projects with a focus on real-world applications
- Performed data preprocessing, analysis, and feature engineering
- Assisted in developing and evaluating machine learning models
- Demonstrated strong adaptability, learning ability, and technical curiosity

AIML Internship, Blackbucks

- Learned machine learning concepts including regression, classification, clustering, model evaluation, and deployment using Python, Scikit-learn, and Streamlit.
- Built a Social Media Follower Prediction web app with Random Forest and K-Means clustering, deployed via Streamlit Cloud with real-time visual outputs.

PolySum AI - Multilingual Hybrid Text Summarization System [Link](#)

- Developed a multilingual text summarization system combining extractive (TextRank) and abstractive (mT5/mBART) techniques
- Achieved strong performance with ROUGE-1: 0.58 and ROUGE-2: 0.41, demonstrating high content coverage and coherence
- Applied parameter-efficient fine-tuning concepts (LoRA/QLoRA) for efficient model optimization

End-to-End Machine Learning Projects Collection [Link](#)

- Repository of complete ML pipelines: EDA, Preprocessing, Modeling, Evaluation, Deployment.
- Includes a curated set of machine learning projects covering classification, regression, clustering, and Time Series

PROJECTS

CoachAI- AI Biomechanics Coach [Link](#)

- Built an AI-powered fitness assistant that detects exercises (squats, push-ups, bicep curls) using computer vision (OpenCV, MediaPipe).
- Implemented real-time posture correction with visual and voice feedback to improve workout form.
- Designed a simple UI dashboard to display personalized 30-day workout and diet recommendations

EDUCATION

2022 – 2026

DVR & Dr. HS MIC College of Technology, Bachelor of Technology, Artificial Intelligence and Machine Learning, Vijayawada
CGPA: 9.27

2020 – 2022

SR Junior College, Board of Intermediate Education in MPC
Score: 947/100 (94.7%)

2019 - 2020

Ravindra Bharathi Public School, Board of Secondary Education
Score: 553 / 600 (92.17%)

SKILLS

- Python
- Deep Learning
- Machine Learning
- Computer Vision
- NLP
- SQL, PowerBI, Tableau
- Data Handling
- ML Libraries & Frameworks

CERTIFICATES

- AWS Certified AI Practitioner
- Advanced Certification in AI & Data Science (Ongoing) – Intellipaat & Collaboration with IIT Drishti CPSC, Indore University

ACHIEVEMENTS

- Merit Certificate – AI/ML Department Branch Topper
- Winner – Web Wizards Hackathon
- Paper Presenter - AAGAMA 2025
